HAZING MUST CEASE.

Senate Passed a Bill That Naval Cadets Should Study.

BATCH OF BRIDGE BILLS PASSED.

House at Work on Postal Appropriation Bill—Loud Declared the New York Pneumatic Service Was Born in Iniquity.

Washington, Feb. 6.—Soon after the senate convened at 11 a. m. a bill authorizing Jefferson county, Ark., to construct and maintain a bridge across the Arkansas river within five miles of Pine Bluff was passed. Bills also were passed setting apart a tract of seven acres of land near Central City, Colo., for a cemetery for Odd Fellows; appropriating \$50,000 for the preparation of a site and the erection of a pedestal for a statue of the late Major General George B. McClellan in Washington city; authorizing the Arizona Water company to construct a power plant on the Pima Indian reservation in Maricopa county, A. T.; providing for the construction of a bridge across the Yalobusha river, Grenada county, Miss.; authorizing the Glassport Bridge company to construct and maintain a bridge across the Monongahela river at Port Vue, Allegheny county, Pa.

Consideration of the military academy appropriation bill then was resumed, the pending question being the amendment offered by Mr. Allen (Neb.) providing that cadets upon entering the academy should take an oath not to engage in hazing, and if found guilty of hazing be dismissed from the academy and not be eligible thereafter to hold position either in the army or in the navy of the United States. Mr. Sewell (N. J.), in charge of the bill, opposed the amendment, maintaining that the provision against hazing in the bill was sufficient. Regarding the amendment Mr. Allen asserted that the brutal practice of assaulting another who was his junior had been carried to a ridiculous extent at the military academy, and he believed it would never be broken up until the most rigid measures were taken in good faith to put an end to it. After further discussion Mr. Allen withdrew his amendment and offered some amendments making stronger the phraseology of the committee's amendment relating to hazing. As agreed to, the hazing paragraph reads as follows: "That the superintendent of the military academy shall make such rules, to be approved by the secretary of war, as will effectually prevent the practice of hazing; and any cadet found guilty of participating in or encouraging, or countenancing, such practice shall be summarily expelled from the academy, and shall not thereafter be reappointed to the corps of cadets or be eligible for appointment as a commissioned officer in the army or navy." The bill was passed as amended.

Mr. Aldrich (R. I.) called up the war revenue reduction bill. The tax on transactions in stocks through so-called bucketshops was agreed to with an amendment offered by Mr. Mason providing that a tax of 2 cents, instead of 1 cent, on each \$100 in value of the merchandise covered or pretended to be covered.

In the House.
Without preliminary business the house went into committee of the whole and resumed consideration of the postoffice appropriation bill. Mr. Loud (Cal.), chairman of the postoffice committee, who was a member of the joint postal committee, took the floor to discuss the questions investigated by the committee.

With regard to the incidental questions, pneumatic tube service and "special facilities," Mr. Loud said the committee agreed that they should be discontinued. He said "the pneumatic tube service in Philadelphia and Boston is not extravagant, but the service in New York was conceived in sin and born in iniquity," and should be crushed out. The appropriations for special facilities "had proved a disturbing element and were vicious in their effect upon the whole service."

Pensions For War Widows.
Washington, Feb. 6.—The pension of the widow of General Lawton was reported by the house committee on pensions at \$50 per month, a reduction from \$100 per month fixed by the senate. The reduction was due to the rule of the committee to report no bill above \$50 per month. Other bills reported pension the widow of Rear Admiral Colhoun at \$40; the widow of Brigadier General Hays at \$50, and the widow of the late Paymaster General Stanton of the army at \$30.

Presidential Plums.
Washington, Feb. 6.—The president

sent the following nomination to the senate: Carroll D. Wright of Massachusetts, to be commissioner of labor; Oscar Malmros of Minnesota, to be consul at Colon, Colombia; Edward P. Seeds of Iowa, to be deputy auditor for the war department.

Banking Bills Tabled.
Washington, Feb. 6.—The house committee on banking and currency tabled the bill repealing the 10 per cent tax on state bank issues, and the bill requiring national bank depositories to pay interest to the government on public deposits.

Hay Takes a Rest.
Washington, Feb. 6.—Secretary Hay has left Washington for a few days rest at a Virginia resort.

FLOOD OF FLAMES.

Burning Petroleum and Naptha Flow Through Streets of Baku.

Baku, Russian Trans-Caucasia, Feb. 6.—A fire broke out in the magazines of the Caspian and Black Sea company, which contained 216,000,000 pounds of petroleum. The conflagration resulted in great loss of life and widespread damage. The flames spread to other depots having a capacity of 432,000,000 pounds of naphtha, which poured out like a stream of lava, inundating and setting fire to the dwellings of the workmen, which were totally destroyed. Many persons perished; 20 charred bodies have been found, upwards of 50 people are terribly burned, and 400 families lost everything they possessed. The magazines are still burning and neighboring reservoirs are in great danger. A general panic prevails. Eight naphtha springs belonging to the Melikoff Ralski and Caspian companies caught fire Feb. 3.

Ship Shocked by Earthquake.
San Francisco, Feb. 6.—A violent earthquake threw the steamer Guatemala partly out of the water and caused the vessel to tremble from stem to stern for at least a minute, off the coast of Ecuador, during her latest trip. The shock took place when the Guatemala was five miles off the coast about 160 miles north of Guayaquil, the evening of Jan. 6. At Guayaquil it was learned that the most violent earthquake in the history of the place took effect at the moment the Guatemala was shaken. No serious damage was done.

The Legal Issue.
Cincinnati, Feb. 6.—The hearing on the application for an injunction against the Jeffries-Ruhlin fight Feb. 15 continues. Ruhlin was present awaiting his turn as a witness, and others from the training quarters were present. Jeffries is not a witness, and he does not attend the hearing. Testimony disclosed that Jeffries, Ruhlin, Brady and all other principals had become members of Saengerfest society.

Colorado Coal Strike Settled.
Colorado Springs, Colo., Feb. 6.—The coal strike in this section has been settled and all mines opened with a full force of men. This was brought about through the instrumentality of Charles Duncan, national organizer of the United Mine Workers of America and the official representative of President Mitchell of Kansas and Colorado.

Cincinnati Y. M. C. A. secretary.
Los Angeles, Feb. 6.—Willard D. Ball, well known in Young Men's Christian association circles throughout California, resigned the secretaryship of the local association to become general secretary of the Cincinnati Young Men's Christian association. He will leave for his new field about the middle of the present month.

New Incorporations.
Columbus, O., Feb. 6.—Ohio Pail company, Middlefield, \$30,000; Columbus Malleable Iron company, Columbus, \$25,000; Robert F. Mackenzie company, Cleveland, \$50,000; Ohio Bell Pure Air and Cooling company, Cincinnati, \$100,000; Ohio-Marietta Railroad company, Toledo, \$25,000.

Fitting of Jailbirds.
Huntington, W. Va., Feb. 6.—Seven prisoners broke out of Cabell county jail. Pearl Newman, accused of murdering the Philadelphia actor, William J. McCauley, and Ben Higanbotham, indicted as an accomplice in the murder of Allan Dupriest, mayor of Culloden, were among the number.

Governor Will Send Troops.
Columbus, O., Feb. 6.—Governor Nash will send troops to Cincinnati to prevent the Jeffries-Ruhlin mill. The state emergency board met and authorized an expenditure of \$50,000 for that purpose. Orders accordingly have been issued to Adjutant General Gyger.

Indianapolis, Feb. 6.—The appointment of Edward Daniels of this city to be master in chancery in the United States courts, to succeed the late William P. Fishback, is officially announced. Mr. Daniels has always been a Republican, but has never been active in politics.

ON FLAMING POSTERS.

Mrs. Carrie Nation Now a Headliner On the Bill Boards.

CRUSADE AGAINST SALOONS SPREADS

Accompanied by Amazonian Warrior On Her Way to Chicago—Woe Unto the Drinking Dens That In Their Course They Meet.

Kansas City, Feb. 6.—Flaming posters announcing that "Mrs. Carrie Nation, the bravest woman in America, now leading the most wonderful crusade ever instituted against the rum traffic, is on her way to Chicago, accompanied by a band of her saloon

smashing warriors, and will speak at the Academy of Music, in Kansas City, Friday evening, Feb. 8," have been posted around town.

Just what tactics Mrs. Nation will pursue in Kansas City and Chicago aside from her lecturing is not made clear, but she has previously promised to take a saloon wherever she finds it. Chief of Police Hayes says he will arrest Mrs. Nation if she attempts to put her Kansas methods into practice in Kansas City.

Preparations for the coming of the crusaders have been made by the Prohibition club of Kansas City, which has endorsed Mrs. Nation's methods and promised her active support in her crusade outside of Kansas.

On the Lookout.

Topeka, Feb. 6.—Mrs. Nation made no effort to give the saloonkeepers a second surprise Wednesday morning. Guards were posted at the various saloons at daylight, but Mrs. Nation and her band of determined women did not appear. As an extra precaution the majority of the saloons made a pretense of closing.

Saloon smashing in Arkansas.
Poplar Bluff, Mo., Feb. 6.—At Dalton, Ark., a small town across the state line from here, five members of the Woman's Christian Temperance union wrecked two saloons. All the bottles of liquor were smashed. The contents of kegs were poured into the streets and fixtures were demolished.

Brutal Robbers.
Chicago, Feb. 6.—Nicholas Michaels, an aged saloonkeeper, and his wife, were brutally beaten by three masked men in Michael's saloon and were robbed of \$300 in cash and \$2,000 in checks and negotiable paper. Rings were jerked from Mrs. Michael's fingers, lacerating the hand. The thieves finally locked the old couple in the ice box and escaped. Later a lodger released the couple from their frigid prison. Both are seriously injured.

Youtsey in the Pen.

Frankfort, Ky., Feb. 6.—Henry E. Youtsey, the first of the uobel assassination suspects to be finally convicted, was brought here and entered upon his life sentence in the penitentiary. His wife accompanied the guards and saw him placed behind the bars. Only a small crowd was in waiting at the station, and there was no demonstration. Caleb Powers was also returned to jail here for safety.

Reading's Dividend.

Philadelphia, Feb. 6.—The board of directors of the Reading company set aside a sinking fund of 5 cents per ton on 7,327,419 tons of coal mined during 1900, amounting to \$366,370. The directors also declared a dividend of 2 per cent upon \$28,000,000 of the first preferred stock of the company, an increase over last year of 1/2 per cent.

Crew of Pyrenees Rescued.

San Francisco, Feb. 6.—The steamer Australia, which arrived here from Tahiti, has on board the captain and 28 of the crew of the British ship Pyrenees, which took fire at sea Nov.

16 while en route from Tacoma to Leith. The Pyrenees was beached Dec. 2 on one of the Gambier islands.

Electrocution Proposed in Illinois.

Springfield, Ill., Feb. 6.—A bill was introduced in the house that all persons hereafter sentenced to death shall be executed by means of electricity. This was followed by the introduction of another bill to appropriate \$3,000 for the purchase of an electrocution chair and necessary appliances.

VEST'S VIEWS.

Says United States Has Nothing to Do With Cuba's Constitution.

Washington, Feb. 6.—Senator Vest of Missouri is quoted as saying on the Cuban situation: "Undoubtedly we have no more right of power to amend the Cuban constitution by act of congress than we would have to do so with the constitution of France or any other foreign country. We are estopped from this both by the Teller resolution and the decision of the supreme court in the Neely case, declaring Cuba to be a foreign country. When the Cubans adopt their constitution and form their government we are solemnly pledged to give them absolute and complete independence. There is no way of getting around this, even if we wanted to, because the law directs us what to do. After we have turned Cuba over to the Cubans, we then must become the protector of their country. We must say to all the world, hands off while Cuba is working out for herself the problem of self government. I confidently believe that after they struggle awhile with the tremendous problem of self government they will give it up and seek annexation to the United States. For years I have been convinced that this is the ultimate destiny of Cuba. I welcomed the Spanish war as a means of hastening this end. I agree with the suggestion of Mr. Jefferson, made nearly 100 years ago, that we need Cuba to round out our territorial domain."

Wilhelmina's Wedding.

The Hague, Feb. 6.—Fifty workmen's societies with bands of music and five triumphal cars marched past the palace in honor of the approaching marriage of Queen Wilhelmina. The queen and her future husband, Duke Henry of Mecklenburg-Schwerin, were on the balcony in spite of the severe cold. They were both cheered. Enormous crowds welcomed the young couple and the queen mother during their afternoon drive. In the evening there was a soiree at the palace. Thursday at 11:30 a. m. the civil marriage will occur in the presence of the nearest relatives. After that the royal party will proceed to the church in procession. After the religious services the royal party will return in procession to the palace, where Queen Wilhelmina will hold court and receive the congratulations of other than members of the royal family and representatives of royal families. At 1:30 p. m. there will be a gala luncheon, and at 4:15 p. m. the couple will depart for their honeymoon tour.

Have Nothing to Say.

New York, Feb. 6.—J. P. Morgan and his partner, Robert Bacon, decline to discuss or make any statement whatever concerning the reports that J. P. Morgan & Company have purchased Andrew Carnegie's steel properties. A conference was held in the Morgan offices between Mr. Morgan, Mr. Bacon, President Gary of the Federal Steel company, President Reid of the American Tin Plate company and a director in each of the National Steel, American Sheet Steel and American Steel Hoop companies, in all of which Mr. Morgan has interests. A reporter who called at Mr. Carnegie's house was told that Mr. Carnegie had nothing whatever to say concerning the reports in circulation.

Arrested For Aiding Filipinos.

Manilla, Feb. 6.—Theodorica Carranza, a prominent and wealthy Spanish merchant and hemp and coconut buyer, was arrested on a charge of furnishing supplies to aid the Filipinos. Carranza is also a partner of D. M. Carmen, an American contractor and owner of boats, who had considerable transportation contracts with the government. The provost marshal and secret service officers have been watching a number of merchants and transportation men some time. The police officials have had a long interview with Carranza and the arrest of several merchants is expected to result.

London, Feb. 6.—A man in jail in England, who was sentenced in December to four years imprisonment for robbing a woman in the streets of London, is Charles Allen, one of the postoffice robbers who escaped from Ludlow street jail, New York city, in 1895. Officials of the United States embassy are making inquiries at Washington as to whether Allen will be wanted in the United States after his present sentence has expired.

LARGE LOSS OF LIFE.

What the War In South Africa Costs England In Blood.

TOTAL DEATH LIST IN TRANSVAAL.

Boers and British May Clash In Portuguese Territory—Meager Report From Kitchener—Piet Dewet Wants Christian to Quit.

London, Feb. 6.—General Kitchener in a dispatch from Pretoria dated Feb. 5, says: "Smith-Dorrien has occupied Lake Charisse. French is driving back the enemy to Amsterdam. Dewet's force is still north of Thabanchu. His men damaged a train of transport wagons at Pompey's Siding."

The foreign office has semi-official confirmation of the report that the Boers threaten Lorenzo Marques, and that British aid has been asked. It is also reported that British troops are being rushed to the Portuguese frontier. A report from Cape Town says that the Boers captured 200 British in the rush on Modderfontein Jan. 30, but were subsequently released.

The war department officials have issued a very heavy South African casualty list showing, in addition to 12 killed and 77 wounded in action, 82 deaths from disease during the present month. Last month 31 officers and 800 noncommissioned officers and men were killed in action or died from disease. The total death list from the beginning of the war numbers 12,939.

Boers Cheered In Chicago.

Chicago, Feb. 6.—Wild waves of enthusiasm for everything that was Boer, with storms of hisses and howls of derision for Great Britain, her soldiers and her rulers, swept over Central Music hall audience. Thundering cheers for Kruger, Steyn, Dewet and Botha rang out, with cries of "Shame!" for Kitchener and Lord Roberts from the audience which had assembled to hear the Boer envoys, Hercules D. Viljoen and P. Louter Wessels, plead their cause. The mention of the name of Queen Victoria called forth hisses and denunciations from the crowd.

Sympathize With the Boers.

Frankfort, Feb. 6.—At a meeting of Boer sympathizers here, attended by some 5,000 people, a resolution was adopted appealing to Great Britain to stop the war in South Africa. Christian Dewet, a nephew of the Boer commander, who was present, was carried around the hall on the shoulders of the promoters of the meeting.

C., Feb. 6.—The Britannia syndicate group of copper mines was consolidated into the Britannia syndicate, limited, by the acquirement of the undivided three-tenths interest of Leopold Boscowitz, the price paid for this interest being \$190,000. The property is located on Howe sound, about 30 miles from this city. The interests of Boscowitz have been hitherto outside the control of the syndicate.

Tortured at Sing Sing.

Sing Sing, N. Y., Feb. 6.—Lorenzo Priori, who murdered Vincenzo Garza in New York city Dec. 11, 1893, and a few weeks ago secured a stay of execution by the representation that the crime was committed by his wife's brother, James Sacario, was put to death in the electric chair. It required two shocks to kill him. He left with the priests who attended him a statement declaring his innocence.

Fanny's Former Husband.

New York, Feb. 6.—Mrs. Wilhelmina Maria MacDowell was granted a divorce from William Melbourne MacDowell, the actor and former husband of Fanny Davenport. The papers in the case were not made public, and the name of the co-respondent is not known. By the terms of the decree Mr. MacDowell is forbidden to marry again during the life of plaintiff.

A WASHINGTON special brings the interesting information that Boreing, Smith and Deboe called on the President Wednesday to urge the appointment of Congressman Pugh to the new Kentucky Judgeship. Mr. Pugh and his friends were, it seems, right in counting on Deboe's indorsement.

GOVERNOR NASH was authorized Wednesday to use as much as \$50,000 to suppress that prize-ring gang in Cincinnati, the money to be used to defray the expenses of the State Guard. If Jeffries and Rubin persist in pulling off their match, the Governor will no doubt have a hand in it, too.

THE friends of the Ship Subsidy bill have served notice that they will endeavor to force night sessions of the Senate to press the bill through. They say they will keep this up "until the bill is passed." And they also threaten to tack the bill to the River and Harbor bill in their desperate efforts to get it through. "There's millions in it," truly, and the "grafters" are going to push it through, if possible.

JUSTICE HARLAN, of the Supreme Court, is reported as saying:

"The fathers of our republic never intended or desired that Congress should exercise any authority or power over any part of the earth's surface, freed from the letter and the spirit of the Constitution."

If he is reported correctly, it is not hard to forecast his decision of the "colonial" cases now pending before the court.

HON. WALTER MATTHEWS, of Mayslick, writes to President Duley, of the Board of Trade: "I am impressed with the rare combination of conditions necessary to the successful operation of a tobacco factory in Maysville. The near proximity to the grower, the leaf tobacco market, cheap rates and facilities for shipping, with money and taxes low, and in the midst of a very productive agricultural community,—where can you beat it?"

We doubt if a better location for such an enterprise can be found anywhere. The singular thing about it is that men with money to invest have not long ago taken advantage of this "rare combination of conditions."

It was recently reported from Washington that Senator Pettigrew and Senator Hanna, hitherto bitter political enemies, had settled their differences and were getting a little chummy. How much truth there was in the report may be inferred from the following acceptance of Mr. Pettigrew to deliver a speech at Columbus, O., Feb. 12th, on "From Lincoln Down to Hanna":

"Dear Sir: I have received a letter inviting me to attend a banquet at Columbus, Ohio, on the 12th of February and respond to the toast, 'From Lincoln down to Hanna.' I intend to be present and shall be glad to respond to that sentiment. I fear I shall be unable to find language adequate to express the vast difference between the two. How will it be possible to paint in the English tongue the descent from all that is good to all that is bad? It embraces the space between heaven and hell, between that which every honest man ought to respect and that which all should despise. "R. F. PETTIGREW."

PERSONAL.

—Mrs. James H. Cummings visited at Millersburg the first of the week.

—Mr. A. R. Glascock left Wednesday to spend a week or two at Bartow, Fla.

—Mrs. Omar Lytle, of Paris, came down Wednesday to attend the funeral of her sister, Mrs. Jennie King.

—Mrs. Dr. Smoot left this week to accompany her aunt, Mrs. John N. Thomas, on a trip to Mexico. They are members of a large party that left Chicago Wednesday and will be gone a month or so.

Had to Conquer or Die.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and now stout and well." It's an unrivaled life-saver in consumption, pneumonia, la grippe and bronchitis; infallible for coughs, colds, asthma, hay fever, croup or whooping cough. Guaranteed bottle 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

SEEDS OF EMPIRE.

Senator Towne Sounds a Warning in His Speech on the Philippine War.

[Extracts From Senator Towne's Speech Monday.]

The retention of the Philippines will commit us to the whole program of empire. There is a law among nations, as Hamlet says there is among men, by which a bad appetite grows by what it feeds on. No nation in history has resisted it, and to every nation that has yielded to it, it has brought disaster. Athens succumbed to it, and perished. Rome indulged the mad ambition, and followed it to her doom. It was the ruin of Venice. It will work the destruction of England, in my opinion, ere the close of this fateful century. Are we, with all the lessons of history before us, to prove the next victim of this insatiate passion, the greatest, most lamentable, most gratuitous sacrifice in all human tragedy?

I do not wish to convey the impression that in my opinion the present policy will at one fell swoop convert this republic into an empire in fact. But I do say that the seeds of empire lurk in this policy, and that time and favoring environment will and must bring them to their flower and fruit unless we make a seasonable prevention.

God speed the day when the American people, whose annals blaze with records of unequalled heroism and who again and always, if some great cause demand it, would freely pay with life itself the price of its defense, shall have the moral courage to do their civic duties—a rarer thing than to face undaunted the cannon's mouth—and with their sovereign voice declare that this unholy war for greed and empire shall be stopped, and that no soldier of the United States shall ever again in all our history be sent to other lands to war on people fighting for their liberty.

PROVE ALL THINGS.

This Old, Old Command is Easy to Fulfill in Maysville.

To win a wager an English Marquis stood on London bridge and offered, for an hour, British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Maysville people will not accept the following convincing proof about Doan's Kidney Pills. Read this:

Mrs. J. B. Orr, of 132 East Third street, says: "The curative powers of Doan's Kidney Pills entitles them the fullest confidence of all in need of a medicine for this far too prevalent ailment, backache. I used this remedy, which was gotten for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and the results obtained proved it to be a reliable cure."

MOUNTAIN MURDERERS

To Be Run Down by a Detachment of the State Guard—A Good Move.

LEXINGTON, KY., Feb. 2.—It leaked out here to-night that Governor Beckham is preparing to clear the mountains of Kentucky of murderers, or at least of those persons indicted for murder by grand juries who are defying arrest by the county officers. The State militia in sufficient numbers will be sent to some convenient point to round up these outlaws and deliver them into the hands of the courts.

Incidentally the soldiers will attempt the capture of John L. Powers and Berry Howard, indicted for the assassination of Governor Goebel, and now defying arrest. Howard is in Bell and Powers in Harlan County. These men have sworn that they will never surrender, and an attempt to capture them may result in much bloodshed. Warrants issued by the Circuit Court at Frankfort and sent to the Sheriff of those counties for service have been returned. There are in Clay County alone more than a dozen men under indictment for murder who have never been arrested.

It is the idea of the State authorities to rid the mountain section of these characters and thus diminish the percentage of crime in the State.

COLE-HILDRETH.

Former Residents of Mason Married Wednesday at Newport.

Mr. C. C. Cole, a prominent clothing merchant of Carlisle, and Miss Hallie H. Hildreth, of Elizaville, were married yesterday, at the parsonage of the Newport, M. E. Church, South, by Rev. O. J. Chandler, and will spend about two weeks in the South, most of the time in Florida, on their bridal trip.

Mr. Cole formerly lived at Shannon, and has a host of friends throughout the county.

The bride is a daughter of Mr. R. E. Hildreth, formerly of this city, and is a lovely and accomplished young lady.

Ralston's breakfast foods.—Calhoun's.

It is now said that ex-Judge W. H. Yost was the principal witness before the grand jury which indicted Capt. Garnett Ripley. Judge Yost is said to have testified that Ripley made the statement that he knew from personal knowledge that Powers was innocent and Taylor was guilty, and rather than see an innocent man convicted he would tell all he knew.

"The Royal Box" was witnessed by a splendid audience at the opera house last night. All were pleased with the performance, the play being an enjoyable one throughout. The scenic embellishments were as fine probably as were ever seen on the local stage, and the whole play was mounted with a completeness and finish seldom seen outside of New York. The audience was in the best sense representative and select—many persons having come long distances to witness the first appearance of Mr. Robson in this State. This distinguished actor more than sustained the reputation he has established in the East. He seemed particularly solicitous to please, and the splendid audience was simply delighted—not only with the leading player, but with every detail of the beautiful play. Mr. Robson is unquestionably the finest representative of the Coghlan school now on the stage, and, while probably inferior to his prototype in passages calling for deep and sincere feeling, recalled in many respects the wonderful finish and grace of that celebrated dramatic artist. He sustains with rare distinction that difficult role of a gentleman on the stage, and was supported throughout by artists who do no discredit to the parts in which they were cast. The lovely "Celia Price" (Mabel Wright) was the very flower of virginity—the Miranda of the stage. Her innocence and sweetness captivated all hearts. As for Charles Bertram, he is by universal acknowledgment the Prince Charming of the stage. In brief, it is a noble company.

Hoyt's "A Milk White Flag" thought by many to be the author's best effort, overflows with humor, merriment and song and dance. Its scenery, costumes and attractive young ladies are said to be all that could be desired. The musical selections are new, and the military flavor throughout the whole play is highly enjoyable. "One of the special engagements for the production is Little Chip, the diminutive comedian. "A Milk White Flag" comes to the opera house Feb. 13th. CLARENCE MATHEWS, P. M.

Mr. Harry Wood continues to improve.

The case of the Commonwealth against Charles Ramsey, indicted Wednesday for criminally assaulting Wealtha McGoon, is set for trial Friday, in the Circuit Court.

In the Circuit Court at Carlisle Wednesday Geo. Watson, colored, was found guilty of the murder of John Allen, and sentenced to life imprisonment. The killing was done over a game of craps last July.

Mr. Hal Boyd, of Cynthiana, who recently brought suit for damages against the Mexican Central railway for \$1,000 damages for injuries inflicted on himself and wife in a wreck last year, has compromised with that road. The company agreed to pay \$2,000 damages and the case was ordered dismissed in the United States Court at Dallas, Tex.

At Batavia, O., Robert Parrott, with half a dozen comrades, engaged in a foot race. The runners circled one of the principal and largest squares, dropping out one after the other, until Parrott and his brother were running for the honors, side by side. Robert Parrott won the race after running around the square twenty-seven times, a distance of about five miles, without stopping. He collapsed soon afterward, dying from exhaustion.

CIGARETTE SMOKERS.

They Are Not Wanted in Responsible Positions—Better Class of Employees Demanded.

(Cincinnati Post.)

The railroad companies, steamship corporations and nearly all the organizations that employ men are teaching morals these days. It isn't because men of money have any special love for their fellow men, or feel philanthropic thrills and desire to benefit humanity.

It is business. It is because a better class of employees is wanted.

The New York, New Haven and Hartford Railroad Company has placed a ban on habitual cigarette smokers. There are no places for them. Those in the employ of the company who make a practice of smoking cigarettes will not be retained.

"Because," said H. A. Ives, an official of the company, "the habitual cigarette smoker is almost sure to be more or less color blind."

One good thing that can be said of the present system of trade competition is that it has raised the standard of men, and the time is coming when only the clear-limbed, bright-eyed, well-developed and well-kempt man can secure or hold a position of trust.

It is possible for all men to be good. It is probable that more men will be good when the lash of necessity stings them, for such is the way of the world.

Cold Wave Coming.

Be ready for it. I am closing out my stock of heating stoves, coal vases and ranges (standard brands) at prices that defy competition. W. F. POWER.

The Baptist revival at Lebanon Junction promises to break the record for successful religious meetings in that section. There have been 175 accessions to the church.

CHURCH FORBIDS.

Heir to Russia's Throne Would Marry King Edward's Daughter.

London, Feb. 6.—Delicate negotiations are passing between the courts of Russia and England, looking to a marriage between the Grand Duke Michael, younger brother of the czar and heir presumptive to the throne, and Princess Victoria, only unmarried daughter of the king of England. Standing in the way of the marriage is the iron-clad law of the Russian church, forbidding marriages between first cousins. The czarowitz, Grand Duke Michael Alexandrovitch, is a son of the dowager empress of Russia, who is a sister of Queen Alexandra of England, the mother of Princess Victoria.

A dispensation from the czar would be necessary for such a match, and it is extremely doubtful if Nicholas would grant such a dispensation, as he refused it when Michael wanted to marry another first cousin, Princess Helene, daughter of the Grand Duke Vladimir.

Will Attend Banquet at Columbus. Washington, Feb. 6.—Hon. John R. McLean will take to Columbus in his private car Ohio, Senator Pettigrew, ex-Senator Towne, Senator Carmack, Congressman De Armond, who are among the speakers; Senator Richard R. Kenney of Delaware, Congressman King of Utah, ex-Governor Osborne of Wyoming, and several of the Ohio congressmen, to attend the banquet of the Jefferson-Jackson-Lincoln league at Columbus, O., Tuesday, Feb. 12.

Freight Trains Collide.

Ripley, Tenn., Feb. 6.—Two freight trains running under full headway ran into each other on the Illinois Central, four miles south of Ripley. Engineer James Wilson, on the north-bound train, was killed outright, and Herbert Morrison, fireman, was slightly crippled. A negro tramp on the north-bound train was killed. Both engines and 15 cars were completely wrecked. Loss to company, \$150,000.

Insist on Death Penalty.

Peking, Feb. 6.—The ministers have definitely decided to demand the imposition of the death penalty upon all 12 of the Chinese named in the list submitted, including those who are dead, on account of moral effect upon the Chinese. The sentence on the living must be inflicted, except in the cases of Prince Tuan and Duke Lan, which the emperor may commute to banishment to Turkestan.

Dayton Divine Dead.

Dayton, O., Feb. 6.—Rev. Jonathan Weaver, bishop emeritus of the United Brethren church and an aged divine, widely known in religious circles, died at his home in this city. He was born of humble parentage in the thick backwoods of Ohio, and enjoyed the distinction of serving the church for a longer period than any other bishop or layman. His religious career began 1841.

Died of Plague.

Hull, England, Feb. 6.—A steward of the British steamer Friary, recently from Alexandria, Egypt, died of plague. This makes a total of seven deaths from plague among the crew. No further cases of the disease are under observation.

Francis M. Selby, father of "Kid" McCoy (Norman Selby), granted divorce from Mary Selby, who does not believe in the marriage relation.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.
I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Thedford's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

BOYS, GET IN LINE

Take advantage of the fine sport Jack Frost offers you. Seasonable skating weather promises to prevail over this section for quite a while and we propose to give the youngsters a chance to indulge in this healthful recreation at small expense. We have about four dozen pairs of good Ice Skates left, and rather than carry them in stock till next season, we've taken off every vestige of profit and offer them at prices within the limits of the average boy's pocket change. We place them on sale at the reduced figures to-day, and as the stock is limited they may not last long.
